Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for the Adrian Community High School formerly known as Adrian Adult and Alternative. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Director of Adrian Community Education Center, Derrick Richards for assistance.

The AER is available for you to review electronically by visiting the following web site [theadrianmaples.com](http://theadrianmaples.com) or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school HAS NOT BEEN GIVEN ONE OF THESE LABELS.

## School Background

Adrian Community High School is an Alternative High School supporting students whom has previously experienced academic struggles in a regular setting, many of which at enrollment are not on track to graduate. However, Adrian Community High School gives these students an opportunity to stay in school and follow a path towards graduation, even if it exceeds the normal four year process. Students may also continue their education in the Adult Education Program if not completed by time they are 20 years of age. To help provide support to these students, all student who are academically needing support are provided a Graduation Coach and one on one tutoring.

## Process for Assigning Pupils to the School, Adrian Public Schools

Adrian Public School students are assigned to schools using the attendance boundaries that have been established by the district. In district students must apply through Adrian High School for enrollment. Adrian Community High School also participate in School of Choice. Parents requesting Schools of Choice must submit paperwork to our Adrian Board of Education.

This same process used in the prior 2015-2016 school year.

## The Status of the 3-5 School Improvement Plan

Adrian Community High School is in its fifth year of the school improvement plan. Improvement goals include, but not limited to, increasing student achievement across all core subjects, with emphasis on English and mathematics, increase graduation rate, increase parental involvement, and increase student attendance in relationship with teacher mentor communication.

Adrian Community High School has graduation coaches, a social worker and extended individualized learning opportunities with teachers of core subject areas to help increase student achievement, number of courses completed and graduation rate.

Adrian Community High School has created a parental involvement plan that will outline the opportunities parents can participate in their student's education. A parent meeting will be held in September outlining responsibilities of both the organization and of the parents to be successful in reaching this goal.

It was reported in the 2015-2016 AER report that Adrian Community High School formerly McKinley Adult and Alternative Education Center was in its fourth year of the school improvement plan.

Adrian Community High School is a place that allows students whom have struggled academically and or socially in a regular school setting to have one more chance to be successful academically. We are proud of the students who have attended and then graduated from this program. Success stories range from students who graduated and found a job after high school or a student who then went on to attend Eastern Michigan or Jackson College, or maybe even the student who has earned a full tuition scholarship to Baker College. This program will continue to be a viable option for students to have a chance at success.

Sincerely,

*Derrick J Richards*
