## School Annual Education Report (AER) Cover Letter

January 30, 2021

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2019-2020 educational progress for the Adrian High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact the Principal, Mike Perez.

The AER is available for you to review electronically by visiting the following web [site AER Combined Report](#) or you may review a copy in the main office at your child's school.

For the 2019-20 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school **HAS NOT BEEN GIVEN ONE OF THESE LABELS.**

## SCHOOL BACKGROUND

Adrian High School implemented a Sustainability Plan which includes educating and supporting students as well as promoting school, parent, and community partnerships to ensure quality academic achievement for our students so they are able to reach their maximum potential. We are providing a responsive environment in which our community feels welcome as partners in the comprehensive, rigorous, educational process built upon Productivity, Respect, Integrity,

Determination, and Excellence. We are improving home and school communication via frequently updated websites, phone calls, electronic mail, instant messaging, Parent-Teacher Conferences, and varied forms of written communication.

State law requires that we also report additional information.

### **PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL:**

Adrian Public School students are assigned to schools using the attendance boundaries that are established by the Adrian Board of Education. Adrian High School also participates in School of Choice. Parents requesting Schools of Choice must submit paperwork to the Adrian Board of Education.

This process was the same for the 2019-2020 school year.

### **THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN:**

Adrian High School has an on-going strategic plan in place. Improvement goals include, but not limited to, increasing student achievement across all subjects, with an emphasis on English Language Arts and mathematics, to increase our High School's graduation rate; increase student attendance, and increase two-way communication with all stakeholders in the school; to have stakeholders feel respected and valued; and to increase participation of students, staff and families.

Teaching and learning research has proven that lesson design, student engagement, timely assessment feedback, and re-teaching positively impact student achievement. With this in mind, all staff members receive on-going professional development in their subject area that includes diversity in teaching styles, learning styles, student engagement and teaching strategies. Adrian High School implemented the School Base Change process with the federal grant awarded five years ago. The Adrian Instructional Coaches worked alongside content teachers improving their instructional delivery and student engagement structures and strategies.

Adrian High School added a Student Success Center to identify at-risk students and help them succeed in school by keeping them on track academically before they begin to fail or consider dropping out. The school-based coordinator and graduation coaches identify, recruit and engage parents and concerned adults, organizations and government agencies to serve in a variety of ancillary roles to ensure student success.

In addition to the Student Success Center, Adrian High School will continue its partnership with the Adrian City Police and host a School Resource Officer (SRO). The program is intended to be a proactive approach to deal with the pressures today's young people find themselves having to confront. This includes the use of alcohol, drugs, and tobacco along with peer pressure and other unhealthy social influences. Aside from assistance with law enforcement issues the SRO mentors

students and is a valuable link to other service agencies that may provide preventative and counseling services.
