Facilities

Facilities Development Plans and Specifications

The Board of Education of the School District of the City of Adrian endorses the following general principles in the development of facility plans and specifications:

1. Provides for the utilization of the most recent energy conservation methods;
2. Maintains or improves the aesthetics of the neighborhood;
3. Follows the regulations of a barrier-free environment;
4. Provides for employee and citizen recommendation;
5. Allows for flexibility of building usage;
6. Exceeds building code and safety requirements whenever practical;
7. Seeks to provide efficient and durable long-range usage;
8. Provides advance cost estimates;
