Students

Students Having Attained the Age of Majority

The District is required to comply with the Family Educational Rights and Privacy Act (FERPA) that states an eligible student’s rights are automatically conveyed at the age of 18.

1. All school board policies that have been officially adopted and published apply to all students attending the Adrian Public Schools, regardless of age.

2. An Administrator continues to have the right to search a student’s person or locker, regardless of the age of the student, when he is convinced that the student’s safety/welfare or the safety/welfare of the student body is in possible jeopardy. This right is tempered by the constitutional safeguards delineated by the judiciary.

3. A student, upon reaching age of majority, who wishes to assume full responsibility for his/her report card, attendance, and other school-related procedures and activities must notify the school administrator, who, in turn, shall notify the parents of this action.

4. The Board of Education reaffirms the prohibition of smoking or the use of alcoholic beverages during school hours, on school property or at school functions, regardless of the age of the student.
