School-Community Relations

School and Community Use of Performing Arts Center

The Board of Education recognizes that the Performing Arts Center belongs to the school community; therefore, it is the Board’s policy to encourage the use of these facilities by groups and organizations whose purposes and objectives contribute to the mission of the school district.

The Board of Education also recognizes that the primary purpose of the school facilities is to implement the regular instructional program and that other usage should not interfere with this program.

The use of the Performing Arts Center by community organizations or for private use shall be permitted for worthwhile purposes of an educational or civic nature when such uses will not interfere with the school program in accordance with the regulations and fee schedule.

The Performing Arts Center will be for use by any individual or group for private gain and for private use such as receptions according to the regulations and fee schedule.

Rental of the Performing Arts Center to community groups or non-resident groups will be governed by the administrative regulations.
