

Dear Parent or Guardian:

Family Life Education is part of your student's Health class. Family Life Education includes family planning, human sexuality and the emotional, physical, psychological, hygienic, economic and social aspects of family life. Instruction may include the subjects of reproductive health and the recognition, prevention and treatment of sexually transmitted disease. Family Life Education shall include abstinence from sex as a responsible method of preventing unwanted pregnancy. This information will be delivered to all high school students enrolled in Health.

Parents may preview all instructional materials that will be used in Health class. The preview has been scheduled for Friday, August 23, 2019 from 11:00 a.m. until 12:00 p.m. in the Adrian High School Health room, E100.

If you, as the parent/guardian, do not wish to have your child involved in the Family Life Education program, you must notify your child's principal or teacher in writing. If you have questions, please contact your child's health and physical education teachers, Mrs. Tanya Smith and Mr. Chris Gilliam, at (517) 266-4528.
