

INTRODUCTION

The YMCA of Lenawee County in collaboration with Adrian College and Adrian Public Schools is offering an innovative preschool classroom designed by highly qualified professionals. Your child will benefit from a low child to adult ratio. The curriculum is based on ongoing research of children's learning and development. Lincoln Elementary School is a candidate for the International Baccalaureate Primary Years Programme*

STUDENT INVOLVEMENT

The teacher education department at Adrian College is partnering with the YMCA and Adrian Public Schools to offer the first ever educational preschool class housed at Lincoln Elementary. The YMCA preschool at Lincoln is a laboratory classroom for the education students at Adrian College. This cooperative arrangement affords Adrian College students the opportunity to learn and work in an early childhood educational environment that engages in best practices derived from the most current research. Adrian College students studying teacher education are conducting lessons at the preschool under the guidance of faculty from the College's teacher education department.
